

HIGGINS INN, HIGGINS BEACH, MAINE

Higgins Inn

IGGINS INN is a new commodious structure with all modern comforts and conveniences. In its construction every scientific principle of sanitation was considered; and in the selection of its furniture and decorations the same careful discrimination and good taste that is employed when you furnish your own home was observed; thus giving the guest that atmosphere of homey refinement so often lacking in hotels.

On the tables in the large airy dining room are served only fresh native sea food, farm-raised eggs, poultry, milk and cream, and home-cooked delicacies.

Higgins Beach

Higgins Beach, one of the finest and safest bathing beaches on the coast of Maine, is situated in Scarborough, beginning at the mouth of

the Spurwink River and extending westerly more than half a mile. At low tide the beach is very wide and smooth, and well adapted for recreation and outdoor sports.

Dancing, Bowling, Pool, Tennis, Card Parties, and other features are among the activities at Higgins'. Splendid Golf Links within a short ride from the Inn. The Higgins Beach Association has recently completed a Community Building (see opposite page) for the use of the local summer people and hotel guests. There are several fine tennis courts and five acres of recreation ground.

The lover of natural artistic beauty will find grateful enjoyment in viewing the surf and woods, and peaceful content in listening to the lulling music of the Atlantic as it murmurs the same song that soothed Paul Dombey at Brighton.

The restful coolness and invigorating salt air of Higgins Beach will

impel one before many hours' sojourn here to take a morning constitutional. You can enjoy a mile of beauty like this between the surf and woods.

The Higgins Farm

Higgins Inn is on the old Higgins Farm, which was settled by one of the ancestors of the present incumbent in 1740. It is one of very few remaining pioneer New England Homesteads. In the "old days" many a wayfarer found shelter under the wide roof of the old house. During the long winter evenings its rafters rang with the voices and laughter of the young people who gathered there to play games and eat "the treat" that was always served. And in the summer the majestic old elms on the broad lawn witnessed their manifestations of delight as they sported on the green. The old folks frequently dropped in too; that was a noted place for hospitality.

HIGGINS FARM

The old days and old folks are gone, but the hospitality still remains, and awaits you at the portals of The Higgins Inn.
