

**BLACK POINT INN**

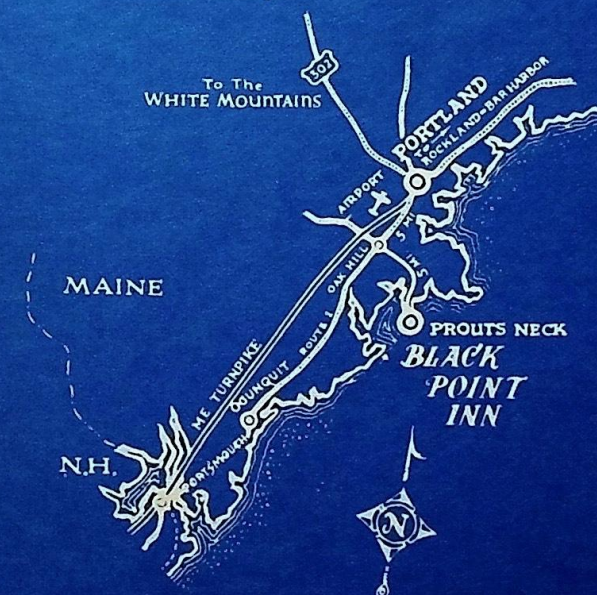

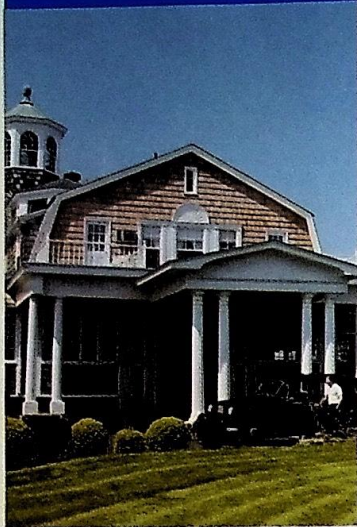

The Black Point Inn is one of America's few remaining resort-inns. It is unpretentious elegance, recognized the world over. Here you will find a rare setting for you and your family. The Inn's unique coastal location allows you to retreat from time and schedules. It is a place to cross paths, relax and enjoy freedom from responsibility, and to have fun.

### *Discover the real Maine.*

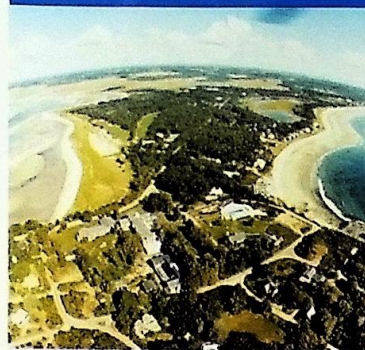

The Black Point Inn is located on historic Prouts Neck, a secluded peninsula that juts into the Atlantic. Here you will find unspoiled ocean vistas, rugged cliffs, sheltered sandy beaches and wooded areas fragrant with the smell of pines and balsams. To be here is to know what Mainers take for granted. Like so many beautiful areas of Maine, it is unspoiled, yet only minutes from the Portland International Jetport and the Maine Turnpike.

arrive at the beautiful

## *The seasons of Maine.*

For spirited recreation during Spring, Summer and Fall, the Black Point Inn offers an abundant choice of activities. Guests may lounge alongside our heated, outdoor, filtered salt-water swimming pool, or our new indoor fresh water swimming pool. Our beaches are unquestionably the most beautiful in all of Maine. They are yours to enjoy, for picnics, for sunbathing, or for quiet contemplation.

Bike rentals are available at the Inn, and sailing can be arranged aboard the Inn's private yacht. All guests are welcome to enjoy the adjacent 18 hole PGA golf course or use the 14 clay and all-weather tennis courts.

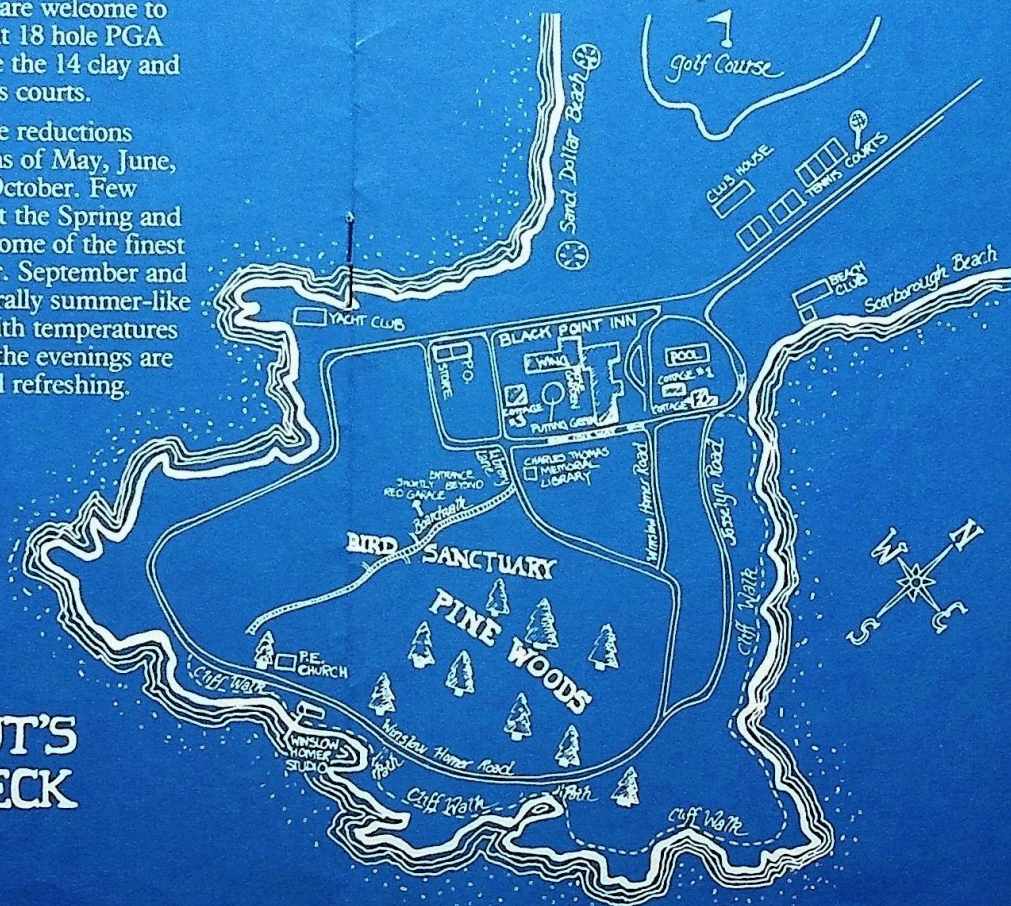

We offer rate reductions during the months of May, June, September and October. Few people realize that the Spring and Fall months are some of the finest of the Maine year. September and October are generally summer-like during the day with temperatures in the 70's while the evenings are generally cool and refreshing.

## *The sound of the sea.*

The Inn offers you elegant accommodations in 85 private rooms, most with spectacular views and vistas. At night you will hear the nearby ocean as waves crash against cliffs or breakers slowly roll across the beaches. A fire crackles in the main lobby. This is Maine.

The Black Point Inn is one of the few resort inns still offering a modified or full American plan. We have been recommended by Gourmet Magazine, Dream Resorts of America, Country Inns & Back Roads, Hideaway Report, Romantik Hotels of Europe and AAA.

## *Nearby attractions.*

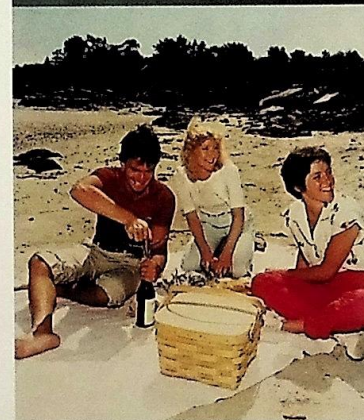

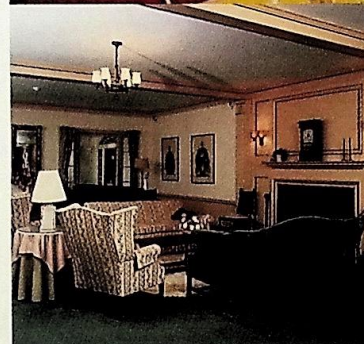

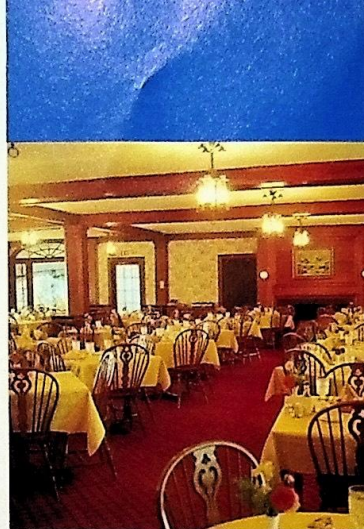

We are located approximately 15 minutes from the center of Portland, Maine's largest city. Here you will find the largest, most modern shopping center in Northern New England. Boat trips and sight-seeing tours may be arranged from the docks in Portland's Old Port District, an area brimming with quaint shops and stores. L.L. Bean is 10 minutes farther north in Freeport.

Portland Headlight, the most photographed lighthouse in America, is just minutes from the Inn in Cape Elizabeth. The largest collection of paintings by American painter Winslow Homer is on display at the new Museum of Art. Winslow Homer's studio, incidentally, is within walking distance of the Black Point Inn, as are many of the vantage points from which he painted some of his most famous paintings.
